The blending-in of the enterprises and its workforce for the better, with the ever changing technology environment demands continual training and coaching. The training requirement is such that the enterprise keeps pace with the changes yet maintaining its distinct identity.

Our corporate training division provides this "framework with freedom" to the companies through mature training, consulting and mentoring.

Whether it is the installation/deployment of new software, or implementing an upgrade, or introducing new processes, TOPS helps students achieve maximum by advancing the knowledge and skills of its workforce.

TOPS ensures quality training and good service to each and every student. Every student registering at TOPS must follow these guidelines to ensure a bright future:

- Mandatory attendance for lectures and practical work
- Timely completion of project assigned
- Appear for all exams
- Practice all exercises given by the faculty
- If a student fails to appear for an exam; certificate will not be issued.
- Training support and fees are valid for a period of 6 months from the date of registration.
- If a student does not want to avail placement benefits immediately after the final exam and if the placement break taken by the student exceeds more than a month from the date of final exam taken; the student will have to reappear for the final exam to avail placement benefits again.

Exam Process :

Every student will have to complete 3 exams which will have both Theoretical and Practical Questions. The students can log on in registration application to check exam dates as well as exam results. The exam papers are checked at the HO and the marks are declared after 10 days of exam date.

Exam Reschedule :

Exam reschedule is not recommended by TOPS but in case of emergencies or unfortunate circumstances the counselors (at respective centers) may agree for a reschedule request given by the student. Please note: Reschedule will be allowed only on the day of the exam or before that date. Reschedules will not be allowed in any circumstances after the day of the exam.

TOPS will only allow maximum of 2 reschedule request for any of the 3 exams. Each student will have to pay Rs 100 towards exam reschedule.
